We are Coventry and Warwickshire Mind

Coventry and Warwickshire Mind delivers over twenty-five support services for people with poor mental health and wellbeing.

Working with children, young people and adults across Coventry and Warwickshire, we provide:

- One-to-one and group support sessions for when you need to talk
- Drop-in hubs for wellbeing support and supported social activities
- Navigation, education, group and peer support for autistic individuals
- Specialist, tailored and crisis support, including a 24-hour nursing facility
- One-to-one, group and peer support for children and young people

Everyone with poor mental health should get the support they need and the respect they deserve – no-one should face a mental health issue alone.

This leaflet contains a brief introduction into all of the services we currently offer. You can find out more about each service, including how to make a referral, on our website, www.cwmind.org.uk.
